

## Maureen McCormick's **FIT CLUB VICTORY**

How did *The Brady Bunch*'s Maureen McCormick celebrate her triumph on VH1's *Celebrity Fit Club*? With chocolate! "I was going crazy to win, but now I'll allow myself some," says the 50-year-old actress, who lost 34 lbs. and dropped to a size 2 on the show. "I can't live without it—and the occasional lemon drop martini." Three months after *Fit Club* wrapped, McCormick still gets meals delivered from Susan's Healthy Gourmet and works out three days a week. And she's not sweating the four lbs. that have crept back on. "Naturally you gain a bit back, but I feel really good," says the star, now 120 lbs. and a size 4. "I love my legs." Her next challenge? "I'm driving cross-country with my family—it's a very Brady vacation!"
